**Jackson & Perkins Company**  
*Wholesale Only*  
**Newark, New York.**

*Distributors and Hybridizers of New Roses and Plant Specialties*

# Terms and Conditions of Sale

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes, and in accordance with provisions of statement of existing Federal laws appearing on title page.

**THE PRICES** in this list are based upon present market conditions and are subject to change without notice. These are wholesale prices and apply only to wholesale quantities; in no case will we fill retail orders even from nurserymen. All orders should be made up for 10's or multiples of 10.

**TERMS.** 60 days net, 1% discount 30 days, 2% discount 10 days, from date of shipment. Interest at 6% per annum to be paid after maturity. These terms are offered to those of established credit. Cash, security, or satisfactory references are required from unknown parties.

**SHIPPING.** Customers are requested to give definite instructions for shipping. In the absence of special instructions we will use our own judgement, but with the distinct understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central, the West Shore, and the Pennsylvania Railroads, enabling us to ship in any direction over trunk lines.

**BOXES** will be charged for at the rates noted below.

10 ft. 30 in. x 30 in.....	\$4 50	10 ft. 20 in. x 20 in.....	\$3 15
10 ft. 28 in. x 28 in.....	4 20	10 ft. 18 in. x 18 in.....	3 00
10 ft. 26 in. x 26 in.....	4 00	10 ft. 14 in. x 16 in.....	2 50
10 ft. 24 in. x 24 in.....	3 50	10 ft. 12 in. x 14 in.....	2 30
10 ft. 22 in. x 22 in.....	3 25		

Add 50 cents on all sizes of 12-foot boxes; decrease in same proportion for shorter boxes.

**BALES** will be charged at actual cost of the material. We make no charge for packing or for delivery to the railroad station.

**CLAIMS** for any cause must be made promptly on receipt of goods. Any stock that is not exactly as represented must be reported promptly and on authority should be returned to us immediately. We will cheerfully and without question credit back the unsatisfactory plants, or send others; but we will not entertain claims made after goods have been once accepted, or when report is not made within ten days after arrival of the stock.

**LIMITED LIABILITY AND NON-WARRANTY.** We express or imply no warranty as to productiveness or life of the stock we sell. It is mutually agreed that our liability for untrueness to name is confined to free replacement or refund of purchase price plus interest, and should the stock prove to be untrue to the name under which it is sold, it is further agreed that such adjustment shall be the liquidated damages and all the damages to which the purchaser shall be entitled by reason of the premises.

**INSPECTION AND FUMIGATION.** Certificate of Inspection will be furnished with every shipment and, when required, stock will be fumigated.

**SPECIAL NOTICE.** Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers. We use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them.

**LOCATION.** We are located 30 miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

Newark, New York, Aug. 26, 1933

JACKSON & PERKINS COMPANY

# THESE MONEY-MAKING NOVELTIES ARE - -

1. Protected by Plant Patents -

2. Backed by National Advertising and Publicity

Here are five rose novelties which are certain to be the "best sellers" for the Fall of 1933 and the Spring of 1934. Not only have these five novelties triumphed in every test in our exacting Research Department, but they have the sales points which are certain to make them the choice of rose buyers throughout the nation. Dealers who feature these roses are protected from substitution by the U. S. Plant Patent Act, for all of these novelties are patented. And what is just as important, Jackson and Perkins will carry on a publicity and advertising campaign to acquaint the public with these novelties. No other wholesaler in America offers you such cooperation. In fact, this is a veritable "new deal" as far as selling roses is concerned.

---

## "BLAZE" IS GOING STRONG

Protected by PLANT PATENT NO. 10

BLAZE was the sales sensation for the past spring. In spite of the general decline in price levels, over 100,000 individual plants were sold and these at a long margin of profit for the dealer. While prices were being slashed on all commodities, BLAZE retailed at \$2.00 and over. But this is only the beginning, for BLAZE should be a stronger sales leader with each succeeding month. These hundred thousand rose plants will bloom during the summer and acquaint other thousands with the beauty of this brilliant rose. Countless other thousands will be told of BLAZE through color pages in the Garden Magazines.

BLAZE has every element to insure its success, for BLAZE combines the vigor, beauty and hardiness of Paul's Scarlet Climber with the everblooming qualities of a favorite everblooming rose. BLAZE is certain of a continued popularity.

BLAZE received the 1933 certificate of merit at BAGATELLE, highest award for a climber.

PRICES, No. 1: Per 10, \$12.50 Per 100, \$100.00 Per 1000, \$850.00

### Color Plates Available

Beautiful four color plates of the Blaze are available in two sizes for use in your Catalog or in other direct mail matter. Write for details.

# GOLDEN CLIMBER

(Mrs. Arthur Curtiss James)

Protected by PLANT PATENT NO. 28

## To repeat the Success of BLAZE

**GOLDEN CLIMBER**, (Mrs. Arthur Curtiss James), promises to repeat the sales success of the Blaze. The most interesting and unusual feature is that its extreme hardiness is combined with blooms of Hybrid Tea type and quality, long lasting and most always solitary on stems often eighteen inches or longer.

Able to withstand sub-zero temperatures, the plant stays "put" anywhere and its handsome glossy foliage, green wood and red thorns are ornamental even out of bloom. It is one of the most handsome "vines" to cover a fence, trellis, porch, pergola, or garage wall.

Golden Climber does not make a short flash like most climbers, but its usefulness and beauty are long lasting. Being an extremely vigorous grower, it is one of the most handsome "vines" to cover a fence, trellis, porch, pergola or garage wall. Plant some in your garden to supply the home with roses of unusual fragrance and beauty.

Golden Climber won the Gold Medal in 1933 awarded by the Massachusetts Horticultural Society given only for exceptional and outstanding flowers, also The American Rose Society Medal for the best Rose at their 1933 annual meeting.

**PRICES, No. 1: Per 10, \$12.50 Per 100, \$100.00 Per 1000, \$850.00**

If you issue a catalog, by all means include color plate and description of Golden Climber, for this new rose promises to be one of the sale successes of the next season.

---

# COUNTESS VANDAL

Protected by PLANT PATENT NO. 38

## The Sensation of the Shows

Countess Vandal is a hybrid tea rose enthusiastically received by rose lovers. With its long pointed bud and its distinctive shadings of coppery bronze, suffused with soft gold. The blooms finish in a very unusual arrangement of petals reflexed with a silvery sheen. It received the Toronto Rose Society Gold Medal after two years' test in Canada. It has been the sensation of the foreign rose shows, winning all the medals and trophies in 1931. It is being widely acclaimed in American shows now. Many thousands are admiring the large bed in the rose garden at the Century of Progress Exposition.

The plant has great vigor and blooms unceasingly throughout the summer. It is rapidly becoming one of the leading sellers among Hybrid Tea Roses.

**PRICES, No. 1: Per 10, \$10.00 Per 100, \$75.00 Per 1000, \$650.00**

If you issue a catalog, by all means include color plate and description of Countess Vandal, for this new rose promises to be one of the sale successes of the next season.

# MARY HART

Protected by PLANT PATENT NO. 8

## A Striking Red Sport of Talisman

A most unique sport of Talisman. The bud is maroon red, opening to well-formed blossoms of deep, velvety blood-red with an overflow of amber. The most remarkable feature is the complete absence of yellow. Unlike most red roses, Mary Hart does not wilt or dry when cut, but opens perfectly. Mary Hart equals, or is better, than Talisman as a producer, with sturdier, heavier stems, and is a strong grower. Mary Hart is a rose all rose lovers will want in their garden.

**PRICES, No. 1: Per 10, \$10.00 Per 100, \$75.00 Per 1000, \$650.00**

## Color Plates Available

for those who would like to feature Mary Hart in their catalogs.

---

# SOUVENIR

Protected by PLANT PATENT NO. 25

## A Golden Talisman

A Spring 1933 novelty everblooming hybrid tea rose and one of the best sellers of the season.

Souvenir (a golden yellow Talisman), one of the loveliest of roses, was the outstanding gold medal winner in the 1932 American shows. Its bloom is a rich, deep golden yellow, and it is a prolific producer of fragrant flowers for cutting. It is a superb garden variety with all the desirable qualities of the popular Talisman. The Souvenir was featured in 1933 advertising in conjunction with the Blaze. Dealers who would like to cash in on the demand created by this campaign should feature this new rose.

**PRICES, No. 1: Per 10, \$5.50 Per 100, \$45.00 Per 1000, \$400.00**

## Color Plates Available

Color plates will be available for those who would like to feature Souvenir in their catalogs. Write for details.

# Jackson & Perkins Novelties

For 1933-34

**E**ACH year Roses become more important in the nursery trade. Popular knowledge of Roses has increased steadily to the point where the older varieties no longer dominate the field. Articles in magazines and books, and the numerous Rose lecturers have taught the Rose-buying public that the most intense form of Rose-pleasure is to be found in growing new varieties.

The cultivation of novelties has become a sort of **sport**, a "chase" for different and better things. Gardeners delight in putting their skill against new things; they are happily satisfied if only a small portion of their adventures result in the discovery of a variety of enduring merit. The thrill is in the chase, not in the kill. Everyone is happy if he gets a good run for his money.

Nurserymen must cater to this urge for new varieties, and they must also see to it that they let no slow horses into the race. That is why we have equipped ourselves with a painstaking Research Department, whose business it is to find new Roses which will give the purchaser the best value.

Here we offer a superlative list of new Roses which have come into commerce in the past year or two. Not all of them are perfect—nobody expects that—but they all have points of interest, and several of them are so distinct and worthy that we are sure they will find a permanent place in the Rose-gardens of the future.

## Jackson & Perkins Introductions

Five plants of a novelty variety at the 10 rate

	Per 10	Per 100
<b>AROMA. HT.</b> (B. R. Cant 1932). Brilliant scarlet—a color rare in roses; large, full bloom, beautifully formed, richly fragrant, hence its name. Plant vigorous, hardy. Foliage healthy.....\$500 per 1000..	\$ 7 50	\$ 60 00
<b>BELGICA. HT.</b> (Buyl 1931). An improved American Beauty with same form and perfume but more crimson without objectionable magenta tint. A continuous producer. Long stems for cutting.....	5 00	40 00
<b>BLAZE.</b> (Everblooming Paul's Scarlet Climber). (J & P 1932) See specialty page.....\$850 per 1000..	12 50	100 00
<b>CAMEO. Poly.</b> (DeRuitter 1932). A new and distinct color fully described by the name—shell-pink and salmon, with a glow of gold. Large sprays in continuous succession. A real acquisition.....	5 00	40 00
<b>COUNTESS VANDAL. HT.</b> (M. Leenders 1932). See specialty page.....\$650 per 1000..	10 00	75 00
<b>DAZLA. Pern.</b> (B. R. Cant 1930). The most dazzling color in Roses—brownish orange, evolving into orange-scarlet. Blooms semi-single but immense. A striking bedding variety for unusual color effect.....\$400 per 1000..	5 50	45 00
<b>DOTTY. Pern. H.</b> (Towill 1931). Coloring of the bud strongly reminds of Rev. F. Page-Roberts, while the bronze tint remains in the open bloom. A splendid grower with glossy foliage. Unusually healthy for the type.....\$400 per 1000..	5 50	45 00
<b>EDITH KRAUSE. HT.</b> (Max Krause 1931). Probably the most beautiful white Rose in existence. Very large white bud with a greenish tint, opening to a majestic, perfumed bloom of pure white. Long, strong stems for cutting. Unusually hardy.....\$650 per 1000..	10 00	75 00
<b>ESSENCE. HT.</b> (B. R. Cant 1931). The long-sought double Etoile de Hollande. Bloom deep crimson, full of "Essence" of Rose. Novelty of great future. Vigorous grower.....\$650 per 1000..	10 00	75 00

The Wholesale Prices in our lists apply only on Wholesale Quantities. Orders should call for ten of a kind and size, and beyond that for multiples of ten. Stock in our storage buildings is tied in 10's and we prefer not to break bundles if avoidable

## JACKSON &amp; PERKINS INTRODUCTIONS—Continued

	Per 10	Per 100
<b>FANTASY.</b> HT. (Dunlop 1932). Bred in Canada and unusually hardy. Big, full bloom, flesh pink and pearl. Very robust plant. (October 25th delivery)		
<b>GOLDEN CLIMBER.</b> (Mrs. Arthur Curtiss James). Wich. Hyb. (W. D. Brownell 1933). See specialty page .....\$850 per 1000..	12 50	100 00
<b>GOLDEN SALMON SUPERIOR.</b> Poly. (DeRuiter 1932. An improvement on Golden Salmon. The color is more lasting in the sun.....	5 00	40 00
<b>GOV. ALFRED E. SMITH.</b> Pern. Hyb. (Denogel 1932). Large salmon and gold bloom rounded like a "bomb" peony. (Plant Patent No. 62).\$850 per 1000..	12 50	100 00
<b>JULIET STAUNTON CLARK.</b> HT. (Robichon 1932). A remarkable new type of bedding Rose as hardy as a Hybrid Perpetual. Very double and extremely fragrant; white with a flesh tint in center. Always in bloom.....	6 00	50 00
<b>KLUIS SCARLET.</b> Poly. A brilliant red Lafayette. Very generous of blooms. Ideal for borders or mass planting.....	5 00	40 00
<b>LILIAN.</b> HT. (B. R. Cant 1931). Large, double blooms of good form; Marechal-Niel-yellow; delicately perfumed. Plant is divergent and makes an ideal bedding Rose.....\$650 per 1000..	10 00	75 00
<b>LOUISE KRAUSE.</b> HT. (Max Krause 1931). A glistening yellow with orange tints; large, full, and fragrant. We consider it one of the best acquisitions of recent years. Long stems for cutting. Handsome, strong foliage.....	10 00	75 00
<b>LUMINEUX.</b> Poly. (DeRuiter 1932). Glistening pink. See novelties.....	5 00	40 00
<b>MARY HART.</b> HT. (Geo. Hart 1931). Plant Patent No. 8. See specialty page.. .....\$650 per 1000..	10 00	75 00
<b>MAX KRAUSE.</b> HT. (Max Krause 1931). Probably the most yellow Rose of the year for outdoor use—a gold that stays gold. Long bud and cup formed bloom of great substance freely borne on a long stem. Foliage leathery and unusually resistant to Rose troubles.....\$850 per 1000..	12 50	100 00
<b>MERCEDES GALLARD.</b> Hardy everblooming climber (Munne 1931). An addition to the new group of hardy everblooming climbers. Large, full bloom of splendid form on long stems for cutting. Very fragrant. Cerise red turning to a pleasing magenta-pink. Blooms steadily. (October 25th delivery).	10 00	75 00
<b>PERMANENT WAVE.</b> Poly Hyb. (M. Leenders 1932). The name fits the case. The petals are fluted or waved, permanently from the bud stage to the finish. Blooms rather large for the type, in great clusters. Rosy pink with cerise edges. Handsome plants, may be grown tall enough for a low hedge. (October 25th delivery).....	10 00	75 00
<b>PRINCE FELIX (de Luxembourg).</b> HT. (Ketten 1931). Well formed bloom rather large, of brilliant scarlet red. Tall healthy plant of Radiance type. We are very much enthused over it. Has stood below zero weather without injury.	6 00	50 00
<b>PRINCESS MARGARET ROSE.</b> Pern. Hyb. (B. R. Cant 1933). Type of Los Angeles. Bud large, long pointed; flower large, double, very fragrant, glowing pink suffused salmon; very disease resistant.....	10 00	75 00
<b>RED ECHO.</b> Poly. A brilliant red dwarf Tausendschon. Continuous bloomer. Most effective for mass planting.....	5 00	40 00
<b>ROSLYN.</b> H. Pern. Large fairly double, golden yellow, scented bloom on long, rigid stem.....	4 00	35 00
<b>SAN JOSE.</b> H. Pern. Selected by the City of San Jose for its "fiesta" colors—orange-red and gold. Very large flower on rigid stem. Extremely vigorous plant with glossy, deep green foliage.....	7 50	60 00
<b>SOLEIL DE FRANCE.</b> Pern. (Mermet 1933). Long pointed buds, rich yellow; large, fairly double bloom with warm tints of orange and apricot, retaining the colors in all weather. Fairly scented. Prolific bloomer at all times. Plant medium height, grassy foliage, resistant to diseases. A first-class novelty of great future.....	12 50	100 00
<b>SOUVENIR.</b> HT. Plant Patent No. 25. See specialty page.....\$400 per 1000..	5 50	45 00
<b>SPARKLER.</b> Poly. Brilliant sparkling red, very little affected by outdoor weather. Plant medium size, or even growth, splendid for pot-culture.....	5 00	40 00
<b>SUNKIST.</b> HT. (E. G. Hill 1932). Brownish orange sport of the well-known Joanna Hill. Flowers even larger. Same plant qualities.....\$500 per 1000..	7 50	60 00
<b>VANGUARD.</b> H. Rug. (G. A. Stevens 1932). A new color in the Rugosa tribe. Orange-salmon and gold. Vigorous, with large, glossy foliage. Splendid as specimen bush, in the border, as a climber on a fence, or for a tall hedge..	6 00	50 00

We cannot undertake to supply long and much assorted lists of stock calling for only small quantities of each kind, save at an advance above our printed rates according to quantity

# Other Novelties for 1933 - 34

## Five Plants of a Variety at the 10 Rate

	Per 10	Per 100
<b>ALLEN'S FRAGRANT PILLAR.</b> Everblooming Climber. (Allen 1930). Large, full, fragrant, satiny pink blooms. Blooms throughout the season. Hardy. We consider it an improved Staechelin. Does not mildew.....\$650 per 1000..	\$ 10 00	\$ 75 00
<b>AMBASSADOR.</b> HT. (Premier Rose Garden 1930). Patent No. 11. Talisman type. Buds large, long pointed; flowers large, very double bronze salmon; fragrant; profuse bloomer.....\$400 per 1000..	5 50	45 00
<b>APELES MESTRES.</b> Cl. Pern. (Dot 1926). A mammoth Souv. de Claudius Pernet and of the same deep yellow, lasting an unusually long time. Handsome pillar rose.....\$500 per 1000..	7 50	60 00
<b>AUTUMN.</b> Pern. (Coddington 1928). Most extraordinarily colored Rose-bud—burnt sienna—on strong stems for cutting. Foliage glossy and very dark green .....	4 00	35 00
<b>BARBARA RICHARDS.</b> HT. (A. Dickson 1930). Flower large, full, well formed, very fragrant, corn-yellow and buff, flushed pink. Very handsome Rose on a healthy plant.....\$500 per 1000)..	7 50	60 00
<b>CALEDONIA.</b> HT. (Dobbie 1928). Long-pointed pure white bud on long stem for cutting; large, full, fragrant bloom. Healthy, vigorous plant.....	5 00	40 00
<b>DAILY MAIL SCENTED ROSE.</b> HT. (Arches 1927). Dark, velvety crimson. Won the coveted Daily Mail prize for unusual perfume. (October 25th delivery).	5 00	40 00
<b>DAYDREAM.</b> Australian Climber. (A. Clark 1925). Large, semi-single flowers of a dainty rose-pink. Fairly continuous in bloom. Vigorous plant.....	5 00	40 00
<b>DR. ECKENER.</b> H.Rug. (Berger 1930). A semi-climber of Conrad F. Meyer type of growth and foliage. Large, semi-double blooms of salmon-pink with gold at base. Blooms fairly continuously. An acquisition among Rugosas..	4 00	35 00
<b>EDITOR MC FARLAND.</b> HT. (Mallerin 1929). Name implies quality; belongs to the Radiance group for vegetation. Long-pointed, pink bud with a glow of amber and a paler edge. Good for cutting. (October 25th delivery).....	5 00	40 00
<b>E. J. LUDDING.</b> HT. (VanRosen 1930). A seedling of Charles P. Kilham, but brilliant pink. Very robust grower; never out of bloom. Extremely hardy. Specially recommended for "hard-to-grow Roses" territories.....	4 00	35 00
<b>FEDERICO CASAS.</b> Pern. (Dot 1930). Has been called an improved Talisman, and we are inclined to think so. Better plant, more hardy, color richer, form perfect.....	5 00	45 00
<b>GRENOBLE.</b> HT. (Mallerin 1932). If the name was shortened to "Noble" it would fully describe this majestic Rose. Scarlet-red without shading. Tall and strong plants always in motion.....	7 50	60 00
<b>HEINRICH WENDLAND.</b> Pern. Hyb. (Kordes 1932). Talisman type, but quite double and darker in color, sometimes almost brown. Healthy grower.....	5 00	40 00
<b>INGAR OLLSON.</b> H.Poly. (Poulsen 1931). The latest of Poulsen's strain of large-flowering bedding hardy Roses. Semi-double; brilliant pink. Large foliage .....	7 50	60 00
<b>J. C. THORNTON.</b> HT. (Bees 1926). Scarlet-red. Most prolific; never out of bloom. Without equal for color effect.....	4 00	35 00
<b>LEONARD BARRON.</b> HT.-Nutkana. Created by J. H. Nicolas from the Eskimo wild Rose "Nutkana." A Hybrid Tea in appearance but extremely hardy. Mammoth blooms, often 6 inches across; very full; salmon with glow of amber; wild Rose perfume. Always in bloom. 1932 Gold Medal in France. (October 25th delivery).....\$500 per 1000..	7 50	60 00
<b>MARGARET ANNE BAXTER.</b> HT. (Smith 1927). Long-pointed bud; flower large, full, sweetly scented, with a salmon-blush center. Robust plant. (October 25th delivery).....	6 00	50 00
<b>MRS. SAM MCGREDY.</b> Pern. Hyb. (McGredy 1930). Large, fairly double bloom of orange-salmon, with a suffusion of gold. Vigorous, healthy plant. One of the best of the new tribes. (October 25th delivery).....\$500 per 1000..	7 50	60 00
<b>NEW DAWN.</b> Cl. (Plant Patent No. 1). Everblooming Dr. W. VanFleet. Vigorous free blooming.....	10 00	75 00
<b>OLYMPIAD.</b> HT. Very large, cerise-red and crimson bloom on a heavy pedestal of gold—quite a new combination of colors. Flashy.....	4 00	35 00
<b>PAUL GRAMPEL.</b> Poly. (DeRuitter 1931). Flowers deep orange-scarlet, in large clusters. Stands sun and rain better than any of the type.....	5 00	40 00
<b>PORTADOWN BEDDER.</b> HT. (McGredy 1929). A harmonious combination of cerise and orange, with a reverse of orange-yellow. Vigorous and very prolific .....	4 00	35 00
<b>PORTADOWN IVORY</b> (McGredy's Ivory). Long bud with greenish markings, opening to ivory-white, perfectly double blooms; sweet-scented. Vigorous plant. Healthy foliage.....	5 00	40 00

The Wholesale Prices in our lists apply only on Wholesale Quantities. Orders should call for ten of a kind and size, and beyond that for multiples of ten. Stock in our storage buildings is tied in 10's and we prefer not to break bundles if avoidable

OTHER NOVELTIES FOR 1933-34—Continued

	Per 10	Per 100
<b>PROF. SCHMEIL.</b> Pern.H. (Lambert 1930). An interesting novelty. A Mme. Edouard Herriot type; pale yellow, striped Herriot pink. Most effective and artistic. First variegation in the Pernetiana tribe.....	6 00	50 00
<b>RICHARDSON WRIGHT.</b> (Nicolas 1930). Large, globular, very lasting, iridescent pearl with dashes of carmine on petals with lemon reflexes in the depths..	5 00	40 00
<b>ROSA ROULETTI</b> (Rock-garden Rose). Miniature rock-garden Rose. Very dwarf and perpetual blooming. Small pink flowers. Must be on own roots to retain dwarf size. Ours are on own roots. We do not recommend grafted or budded plants. 2-in. pots.....	4 00	35 00
3-in. pots.....	5 00	45 00
4-in. pots.....	7 50	60 00

## Hardy Perennial Plants

We are developing our carefully selected "J. P. V." superior strains, growing from a few specimens only enough seed for our own needs; thus assuring strains on which you can absolutely depend, for high quality and uniformity, and of which we are justly proud.

Strong transplanted stock from the open field.  
 Varieties marked with an (r) are for Rock Gardens.  
 Varieties marked with a (c) are excellent for cut flowers.

		Per 10	Per 100
<b>ACHILLEA (Yarrow)</b>

9-12 in.....	7 50	60 00

## PERENNIAL PHLOX

### r Phlox Subulata

Moss or Mountain Pinks

An early spring-flowering type with beautiful moss-like evergreen foliage, which during the months of April and May is hidden under the masses of bloom. Fine plant for the rockery, border, and invaluable for covering graves or where a carpet of flowers is wanted. Because of its earliness to flower, it needs to be in every rock garden.

	Per 10	Per 100

# FRUIT DEPARTMENT

## EARLY-TO-BEAR FRUITS

These trees were especially grown for specimens—planted far apart in the rows, and root-pruned last year. They were produced to take care of an increasing demand for **EARLY-TO-BEAR FRUIT TREES**.

## STANDARD APPLES

\$9 for 10; \$75 per 100

SPECIAL 5-YEAR SPECIMENS, 1 IN. AND UP

Baldwin  
Delicious  
Fameuse  
Gravenstein  
Grimes Golden  
McIntosh Red

Northern Spy  
Red Astrachan  
R. I. Greening  
Stayman's Winesap  
Sweet Bough  
Yellow Transparent

## STANDARD PEARS

\$9 for 10; \$75 per 100

SPECIAL 5-YEAR SPECIMENS, 1 IN. AND UP

Bartlett  
Clapp's Favorite

Seckel

## DWARF PEARS

\$9 for 10; \$75 per 100

SPECIAL 5-YEAR SPECIMENS, 1 IN. AND UP

Bartlett

Seckel
